

BOOST YOUR SUCCESS IN YOUR COURSES!

FOR SPRING & FALL 2026

Strengthen Your Skills. Build Confidence. Stay on Track.

Struggling in a Computer Science course? You are not alone and you do not have to figure it out by yourself.

NORFOLK STATE UNIVERSITY

Norfolk State University is launching peer-led tutoring and supplemental instruction for high DFW Computer Science courses

Funded by the TMCf–Lockheed Martin Grant

SUPPORTED COURSES

CSC 169, CSC 170, CSC 260, CSC268

WHAT YOU GET

- One-on-one tutoring
- Small-group study sessions
- Faculty-supported peer mentors
- Help mastering tough concepts
- A supportive learning community
- Proven strategies to improve grades and persistence

WHY IT MATTERS

Research consistently shows that structured peer tutoring improves academic performance, retention, and persistence in STEM fields. This initiative supports NSU's goal of reducing D/F/Withdrawal rates by 20% and helping students progress confidently into advanced coursework.
